Planning for Your Future

Having lived in Atlanta's Southern Crescent for over 55 years, Emmett Arnold knows the area like the back of his hand. His Father, the late Judge Emmett J. Arnold III, started practicing law in Jonesboro in 1968, and he has continued the tradition of assisting people with their legal problems. Practicing law now for 28 years, Emmett has handled hundreds of family law cases, be they divorce, custody, support, adoption, or bankruptcy. Emmett also assists with the administration of the estates of the deceased, being appointed quite often by Probate Courts state-wide as an Administrator of estates or the Conservator of the property of minors and incapacitated adults. In all of these matters, he knows that experience counts more than anything else.

Deeply committed to community service, Emmett has been involved with the Boy Scouts of America for over 22 years, serving on the Executive Board of the Atlanta Area Council BSA, District Chairman, Troop Chairman, Assistant Scoutmaster and Cubmaster. He has mentored over 35 Eagle Scouts from his Troop, including his son, receiving Scouting's Award of Merit for his contributions. He currently serves on the District

Eagle Board of Review. Emmett also served for several years as the Chairman of the Board of the local housing authority.

Emmett is also heavily involved in the legal community. He serves on the Board of the Pro Bono Project, providing free, legal services to those in need. He is a member of the Lawyer's Foundation of Georgia, The Lawyer's Club of Atlanta, and served as President of the Bar Association, earning the Excellence in Bar Leadership Award. He has also volunteered with the high school Mock Trial competition for 27 years.

Practicing in one of the most beautiful law offices in Henry County, Emmett has been providing legal representation of the highest quality for 28 years in the community. Whatever your family legal problem, he will provide very effective legal counsel with a personal touch. Like he often tells his clients: "There is no substitute for experience."
